

## **360 Degrees of Services**

Connecting Talent. Driving Growth.

Intero offers a wide-range of services to hospitals and large physician groups nationwide. Our services include remote medical coding, auditing, clinical documentation improvement (CDI), and consulting. Our robust team of HIM professionals is ready to support healthcare facilities of all sizes, large and small.

The HIM industry is constantly evolving making it challenging for healthcare providers to stay current with the industry. That is why Interio is committed to continuously educating and updating our clients and staff to ensure full compliance. Our top priority is to deliver a customized solution for each client.

# 360

## Degrees of Service.

### Discover the Difference.

## MEDICAL CODING

Intero is committed to delivering high quality coding services to facilities in need of assistance. Does your facility have a special project, short-term or long-term coding coverage need? Intero is here for you. Our services can be turned on and off quickly and easily.

Intero is committed to quality. Continual auditing, monitoring, and training of coders takes place to deliver compliant and accurate coding, all at no additional cost to the facility.

Our coders are qualified professionals who are required to complete various screenings and evaluations before hire. All coders are matched with facilities based on skill level and experience. Coders must also pass a specialty-based coding evaluation and have a minimum of 3 years related coding experience in desired coding specialty. All coding staff is American based.

- ✓ Observation
- ✓ Same Day Surgery
- ✓ Emergency Department
- ✓ ProFee
- ✓ Additional Unique Specialties

## AUDITING

Audits are an essential tool for for both HIM and Compliance departments.

Intero uses a consultative approach to deliver a customized solution to each facility. We are equipped to audit both large and small healthcare facilities. All audits include a full report with detailed findings and an executive summary of results.

The audit report provides a comprehensive view of coding strengths and weaknesses as well as exposing any hidden opportunities for improvement.

# THE INTERO WAY

What Drives Us To Bring You the Best.

## OUR GOAL

Our mission is to ensure that our clients feel supported and certain that their HIM and CDI goals will be reached in an efficient and reliable manner. Intero's team of certified and experienced HIM professionals are here to support the daily stresses and challenges that our clients face while eliminating overhead and hiring costs. All of our services are tailored to help manage our clients unique HIM and CDI department initiatives.

## NATIONWIDE HIM SERVICES

Intero offers medical coding, auditing, clinical documentation improvement, consulting, and staffing. We support HIM departments of all sizes nation wide with American based professionals.

## LEADERSHIP

Intero's management team, with over 30 years of combined HIM industry experience, is a group of passionate leaders dedicated to developing their team to the fullest potential. Offering Intero's clients top quality and timely coding.

## CONSISTENT COMMUNICATION

Our clients have Intero's expertise at their fingertips. We strive for clear and transparent communication in all interactions.

## CDI SERVICES

Clinical Documentation Improvement (CDI) has never been more important than now. When Physician documentation is accurate and complete it results in the most compliant and efficient coding possible.

Our CDI Specialists are strong communicators who are able to educate staff of all levels. Two CDI services are available to facilities.

### CDI Services

1 | A CDI specialist can be placed with your facility to work directly alongside your team. All applicants will be approved through formal Intero processes and evaluated by the client.

2 | A CDI specialist temporarily works on-site to conduct a comprehensive department review resulting in a customized improvement plan tailored specifically for your HIM Department. If necessary special training will be conducted to ensure adoption of new changes.

# IMAGINE YOUR FUTURE. BRIGHTER!

Our team is equally as passionate about our clients as we are about our staff.

Intero's management team is a group of committed leaders dedicated to developing their team and motivating them to reach their fullest potential.

At Intero, we strive to empower HIM pro-

fessionals through education and career advancement. At the intersection of health-care, technology, and information, we value employees who have a great sense of urgency, strive for accuracy, stay organized, and embody our entrepreneurial spirit.

Join the team with the best and the brightest.
