AUDITS & EDUCATION

OPTIMIZE REVENUE & COMPLIANCE

Our **audit** reports can help reveal issues within documentation, denials, deficiencies in coding quality and reimbursement opportunities. We are dedicated to supporting the success of our clients.

- Improving Coding Accuracy
- Changes to Reimbursement
- Educational Areas of Improvement
- Optimized Compliance
- Documentation Improvement
- Preceptorship Program to Upskill & Crosstrain Coders

MANAGED HEALTHCARE CODING

CONTINUAL QUALITY & IMPROVED REIMBURSEMENT

Intero offers **managed coding** services to Large Health Systems and Provider Group Partners with the highest quality results. Accuracy stats are set to 95% or better.

Our management team is an extension of your department, providing monitoring of coding, auditing, performance-based training to coders and providers.

CDI SOLUTIONS

STAFFING

- Immediate placement of CDI Team
- Second Level / DRG Validation / Clinical Validation Reviews
- Inpatient and Outpatient CDI experience
- Placement based on department requirements
- Tailored to your CDI department

DEPARTMENT IMPROVEMENT PROGRAM

- Query & EMR Templates
- Reducing redundant queries through provider education
- Swift change management for physician buy-in

PHYSICIAN ADVISORY SERVICES

PHYSICIAN-AUTHORED CDI TRAINING

While precise clinical documentation is essential for appropriate revenue capture and quality metrics, meaningful provider engagement with CDI initiatives requires ongoing and clinically relevant education.

Intero's highly successful and sustainable provider CDI education solution delivers physician-authored and clinically-oriented presentations without any references to coding guidelines and CDI conceptual definitions.
